00:09 GOODMAN: Today Kevin and I are going to be exploring the agenda of what Kevin has defined as the "Dark Left. This of course is a radical sub-set of left leaning politicians and activists in the United States who seem to be willing to go to any lengths to achieve their goals and those goals seem to be the subversion of the U.S. Constitution and the destruction of many of our rights and perhaps even the government itself.

00:38 GOODMAN: We're going to beginning in only just thirty minutes only on PATREON. Of course, the Intelligence Assessment with Kevin Shipp is one of many shows that we have taking to putting exclusively on PATREON.

00:51 GOODMAN: We want to avoid the troll heavy environment that .. uh .. YouTube and some of the other .. uh.. channels are over-run by. So, by being on PATREON we allow our viewers the opportunity to enjoy this information without being inundated by .. uh.. people who maybe aren't here for the same reasons that .. uh.. the more serious viewers among us might be.

01:33 GOODMAN: Kevin Shipp of course is a recovering C.I.A. officer. Who left the C.I.A. after he discovered a serious breach that was in every U.S. Embassy around the world.

02:06 GOODMAN: Kevin was pursued by the C.I.A. He house was poisoned, his family was targeted, and he has conducted an independent investigation into those matters. He details all of that in his book "From the Company of Shadows", which of course people can purchase by going to Kevin's web-site.

3 From the Inside Flap

4 *From the Company of Shadows* is a fascinating revelation of the procedures the  
5 CIA uses in conducting covert operations, counterintelligence investigations and  
6 counter terrorism. This is a detailed expose' covering multiple facets of  
7 government intelligence and secrecy.

8 Kevin Shipp, a decorated CIA officer, held several sensitive high level positions,  
9 operating in over twenty foreign countries and participating in life threatening  
10 assignments. He recounts some of these operations, including humorous events  
11 usually not revealed to the public.

12 Included with excerpts from his previous book *In From the Cold. CIA Secrecy  
13 and Operations*, Shipp provides additional detail disputing the account of reporter  
14 Bob Woodward's alleged deathbed conversation with CIA Director William  
15 Casey during the Iran Contra Affair.

16 He provides a detailed expose' of the CIA's use of secrecy and the Executive  
17 Branch's abuse of the little known State Secrets Privilege.

18 "From 1953 to the present the federal government, and most notoriously the CIA,  
19 has used the assertion of the State Secrets Privilege to block cases of negligence,  
20 discrimination, shut down whistleblower claims, prevent other branches of  
21 government from conducting investigations...and block contractors from resolving  
22 business conflicts..."

23 Shipp provides a stunning example of the CIA's concealment of negligence by  
24 including excerpts from his book on the subject, blacked out by CIA censors. He  
25 spent months going back and forth, line by line, word by word, negotiating with  
26 the CIA for the book's release.

27 He also supervised the Department of State Anti Terrorism Assistance program  
28 and managed the protective detail assigned to the president of Afghanistan  
following the US invasion.

Shipp courageously exposes the current stealth jihad movement operating in the  
US and lays out the techniques terrorist organizations use to carry out their  
attacks.

ATLANTA, Aug. 27, 2013 /PRNewswire/ -- While working as a senior officer on a secret government base, Shipp and his family were subjected to severe toxic exposure. They were bleeding from their noses, vomiting, had bruising all over their bodies, were bed-ridden with severe headaches requiring morphine, lost their short-term memory and suffered from strange rashes on the exposed areas of their skin. Doctor's diagnoses and environmental tests showed exposure to poisonous toxins. The house was quarantined -- while workers in hazmat suits boxed up all of the family's belongings, including the children's toys, and took them away to be burned.

Their home was broken into, the family was spied on and followed, documents were altered and Shipp's career was threatened. He and his family filed a personal injury suit against the CIA. The CIA signed a court ordered mediated settlement. Two days later, the CIA refused to abide by the agreement, threatening that if the family did not accept a lower settlement -- they would invoke the State Secrets Privilege.

7 **After coercing a federal judge**, the CIA used the privilege to shut the case down in a  
8 secret court and placed a seal on it. No one, not even his or her Congressman and  
9 Senator, could have access to the evidence. The family was threatened with jail if they  
discussed the case with anyone. [emphasis added]

10 Chapter 26 of Shipp's book discusses the ensuing cover-up. The CIA blacked out the  
11 majority of the chapter. The book was reviewed by the CIA and approved for publication.  
12 Shipp built a code into the manuscript revealing the cover up.

Edit

I'd be careful with this one. The suit is false. Just because a federal CIVIL suit is filed does not make the information real. It is a common tactic to make accusations appear authentic. This could be a case of legal defamation against the defendant. I have read the suit, and it appears just to be an attempt to silence Jason Goodman. I am a Christian. Not only is there a media assault on Christianity, but there is a direct assault to try to silence Internet investigative journalists.
